LOOSE NERVE IN GAME

Buck Shot 11 Baskets for Seminary and
Berry Dropped in Seven—Goddard
Seconds Defeated M. H. S.
Seconds.

The Goddard seminary basketball team won its fifth consecutive victory since the opening of the season by defeating Montpelier high school in the Church street gymnasium last evening, 57 to 13. It was an easy victory for Goddard. The high school made but four points in the second period and in the last period got hardly a single try for the basket. The first period ended 10 to 0 in favor of the seminary. Goddard was much to fast for the visitors, and the excellent work at basket shooting by Buck and Berry placed the locals way ahead after the first inning. Buck, Goddard's left forward, shot 11 baskets from the floor, and Berry made seven.

A second game was played between the second teams of the two schools and Goddard was again the victor by a score of 18 to 11.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance, the kidneys poison the blood, and the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SAYS ENEMIES CONSPIRED TO CUT OFF HIS EAR.

Chicago, Jan. 22.—Robert J. Vandusen, stage manager at McVicker's theatre, and Joseph La Blanch are under arrest on complaint of Robert Evans, that Vandusen conspired with La Blanch and offered the latter \$1100 to cut off Evans' ear.

La Blanch admitted to the police that he had been offered, through a third person, \$100 if he would "heat up" Evans and more than \$100 if he "did a good job." Vandusen was released on bail.

The trouble is said to have grown out of attentions which Vandusen believed his wife received from Evans.

CAPT. BENJAMIN PARKER, YACHT SKIPPER DEAD.

Twice in Command for Lipton in Cup Contests.

Southampton, Jan. 22.—Capt. Benjamin Parker, one of the best known yachting skippers of the present generation, died here yesterday, after a long illness.

Capt. Parker for many years sailed the German emperor's yacht, Meteor, and won many races with her. In 1899, he was engaged by Sir Thomas Lipton to take charge of Shamrock II, and subsequently of Shamrock II, in the America's cup contests.

The captain went to the United States in 1902 for the purpose of bringing back to this side the yacht built in America for Emperor William.

MAKES ICE MEN'S TERM MORE SEVERE.

Ohio Supreme Court Gives Them Year in Jail Instead of Workhouse.

Columbus, O., Jan. 22.—The supreme court yesterday passed upon the case of the three ice dealers of Toledo, R. C. Lemon, R. O. Beall and J. A. Miller, who were sent to the workhouse as punishment for forming an ice trust.

The supreme court interferes with the sentences only so far as to hold that they should have been sentenced to jail instead of the workhouse and they are ordered to be resentenced.

They were given a year's sentence by Judge Kinsade of the lower court and a fine of \$3,000.

Hamburg, Jan. 22.—The British steamer Conway, from New Orleans Dec. 17 via Norfolk, arrived here yesterday and reported a curious incident.

About a week ago the steamer ran into a school of dolphins, and she came out of the encounter with a damaged propeller and several plates deeply indented.

ROME RIDICULES "PLOT" STORY.

Says Anarchism Does Not Exist Among Italian Emigrants to Brazil.

Rome, Jan. 22.—The reports received here by cable from Rio de Janeiro that Italians are concerned in the alleged anarchist plot to destroy a part of the American battleship fleet are ridiculed and the entire story is made light of. It is declared that anarchism practically does not exist among the Italian emigrants to Brazil.

NEW MOVE BY TAFT MEN

Bronson Law to Be Given
Quick Hearing

WILL CHECK FORAKER

Plan to Prevent Primary—Gov. Hughes Will Not Run Again—He Will Do Nothing to Check Presidential Boom.

Columbus, O., Jan. 22.—The Taft leaders executed a coup de main upon Senator Foraker yesterday morning in the supreme court by which they expect to disarm him so far as his proposition to prevent the proposed state primary election by tying the Bronson primary election law up in the courts. They secured from the supreme court permission to file the case of Karl T. Webber, prosecutor of Franklin county, John G. Felton, president of the local board of election supervisors, and the auditor and treasurer of Franklin county, enjoining them from making any contracts of spending any public money in the proposed primary election, alleging the invalidity of the Bronson law. The court permitted them to file the suit, and will give it a preliminary hearing at 9 a. m. Wednesday. Probably at that time an early date for a final hearing will be set.

The object of the Taft men is, of course, to have a hearing of the case at once, so that a decision may be secured before the time when preparations for the primary elections must begin, and also to have the adverse side of the case in Taft's hands. The court issued an order to the prosecutor of Allen county, who has begun a case with the same object, presumably at Foraker's instance to appear in the supreme court Wednesday and present his reasons for bringing the suit. There were present at the consultation yesterday morning with Chief Justice Shaw besides Prosecutor Webber and his assistant, R. W. McCoy, Henry A. Williams of the Taft bureau and Walter F. Brown of Toledo, Assistant Attorney General W. H. Miller and A. O. Henderson.

HUGHES WILL NOT RUN AGAIN.

Nor Will He Repudiate Those Who Are Booming Him For The Presidency.

Albany, N. Y., Jan. 22.—The federal forces which are opposing Governor Hughes' presidential boom and endeavoring to manipulate so as to check his strength with the voters by renominating him for governor received a severe shock yesterday morning when it became known upon unquestioned authority that the governor stood by the declaration of his friends that he would not accept a renomination. It is clear that this matter is settled.

It was similarly made apparent last night that the governor had no intention of repudiating his presidential boomers, and was not to be shaken in his determination. The anti-Hughes leaders have been demanding that he disown Odell, Black and Aldrich and prevent a factional fight. This the governor will not do, standing firmly on his rights as a citizen to be a candidate and merely insisting that he will use no state patronage nor executive power to get delegates. These two developments have greatly elated his friends.

The rumor that the Parsons forces in New York city were now to change front and take Hughes as first choice and Taft as second round, strategic maneuver from the Hughes leaders. Ex-Senator Brackett president of the Hughes league, will make a formal speech to that organization in New York city and then send a formal letter to Governor Hughes. The belief is here that the former will answer it and set forth his position there in full.

KANSAS HOUSE VOTES UNANIMOUSLY FOR TAFT.

"DEVIL HIMSELF COULD DO AS WELL AS BRYAN."

So Says "Old Figgers" Grosvenor of The Nomination Outlook.

Washington, Jan. 22.—Gen. Charles Grosvenor, former representative from Ohio and well known as "Old Figgers," was at the White House yesterday and talked about the Taft situation in Ohio and about Bryan's chances of nomination. He does not believe the opponents of Taft will make much headway. As to Bryan he said:

"Bryan can't be elected. He can get at best 100 electoral votes and no more. The devil himself could get those votes on the Democratic ticket. They include the votes of the southern states. Bryan can't carry New York. Neither can Johnson."

WANT OF CONFIDENCE VOTE NEAR IN TOKIO DIET

Progressive and Yaku Parties Introduce Significant Resolution.

Tokio, Jan. 22.—The Progressive and Yaku parties have formally presented in the House a motion of want of confidence in the imperial cabinet, based on the alleged faulty financial measure.

Should the opposition members of the Diet club join with them in support of the motion they would form a very formidable power.

The motion will be put to a vote on Thursday next and the constitutional lists are busy summoning members of the Diet whose arrival has been delayed.

At the present moment the indications are that the opposition will not carry the motion.

SLAYER TO GO FREE.

Southern Grand Jury Calls Trial Needless Expense.

Norfolk, Va., Jan. 22.—The grand jury in Princess Anne county yesterday refused to indict Creighton Burrows, a white farm manager, who killed John Kemp, a negro, on Dec. 31 last, on the ground that a trial would be useless, as no white man could possibly be convicted for killing a negro who had assaulted his wife.

The grand jury says that its action in refusing to return a bill against Burrows is in the interest of economy, as it saves the state of Virginia the expense of putting Burrows on trial for his life.

DIRECT VOTE FOR SENATORS

Move to Amend Constitution
Spreading

RESOLUTIONS ADOPTED BY

Several State Legislatures—By Next Year Enough Will Be Secured—Then a Convention Must Be Called by Congress.

Washington, Jan. 22.—The movement to secure an amendment to the constitution of the United States providing for the election of senators by the people is growing. What is called the alternative plan is being followed by the promoters of the movement to have such amendment submitted. The state legislature of Iowa at the suggestion of Governor Cummins, led off by the adoption of a resolution of its last session inviting the legislatures of other states to pass resolutions requesting Congress to call a convention for the purpose of proposing the desired amendment. It is necessary for two-thirds of the states, or thirty-one of them, to forward to Congress such a request before it becomes mandatory on Congress to issue the convention call.

Although the movement was barely under way at the time the state legislatures of most of the states were in session last year, twelve states promptly adopted the resolution suggested by the Iowa legislative body. These resolutions have been forwarded to Congress.

HALE STARTS NAVY BUREAU INQUIRY.

Offers Resolution Asking For Details as to Officers' Duties.

Washington, Jan. 22.—The Senate passed two resolutions proposed yesterday by Senator Hale of Maine. The first was as follows:

"Resolved, that the secretary of the navy is hereby directed to send to the Senate a complete list of all line and staff officers of the navy on duty in yard or naval station in the United States on the first day of January, 1908, with the name, rank and specific duty performed by each officer and, when attached to any board in the navy department, the nature of the duty and the necessity for the same."

The second resolution was a copy of the first except the date in the second resolution was July 1, 1905, instead of Jan. 1, 1908.

SENATE INQUIRY INTO INJUNCTION.

To Find Out If Judge Dayton Exceeded His Authority.

Washington, Jan. 22.—Secretary Callahan introduced in the Senate yesterday a resolution of inquiry into the recent decision of Federal Judge A. G. Dayton of West Virginia in the case of the Hitecock Coal and Coke company against the United Mine Workers that is likely to prove a great importance. Judge Dayton granted a temporary injunction, then a permanent one, against any efforts to unionize the plaintiff's mine, although no physical violence was alleged.

Labor leaders are much wrought up over it, and have been planning to bring the decision to the notice of the judiciary committee of the House and Senate in urging anti-injunction legislation. The resolution directs the judiciary committee or a sub-committee thereof to inquire into whether Judge Dayton exceeded his authority in issuing this injunction, and whether any additional legislation is needed to prevent a repetition of such injunctions.

Should the judiciary committee find that there has been usurpation of authority, it should be reported to the Senate.

Senator Hale in the discussion said plainly he did not want the judges put under the stress of fear that every decision they made would be probed into by the Senate. The upshot of the matter was that the resolution went over, because Senator Callahan wanted the complaint in the case and the briefs printed for the Senate in form as Senate documents, whereas other senators insisted that Judge Dayton's opinion should be in justice to him be printed.

Shining Hour in Hawaii?—Hear Mr. Wilson Tell About It.

Washington, Jan. 22.—Secretary Wilson, when he went to the cabinet meeting yesterday, told the newspaper men of a new discovery his department had made. He declared the honey bees out in Hawaii, as his experts had found, were robbing the aphids, a kind of ant of its honey, and making honey dew of it.

"We have known for some time that certain ants milked the aphid and got a sweet substance from it. But now the bees, which used to work for their honey have taken to highway robbery!"
